

WHAT IS STEPSAVER?

Stepsaver is an origin to destination shared-ride transportation service offered by the Manchester Transit Authority as required under the

Americans with Disabilities Act (ADA) of 1990. This program provides assistance to individuals with disabilities who are unable to use the regular fixed route bus service.

StepSaver covers all of Manchester, as well as parts of Goffstown, Bedford, and Hooksett, three quarters of a mile along the fixed route bus system.

An application process is required.

StepSaver applications not processed within 21-days of receipt will result in presumptive eligibility. Service will be granted until an eligibility determination is made.
